Singapore, 3 November 2014 – More than 70 percent of the exhibition space for INTERPOL *World*, a new international security event taking place from 14-16 April 2015 in Singapore, has been booked by key players in the security landscape.

INTERPOL *World* Expo provides unprecedented opportunities for an expected 250 solution providers to network and interact with some 8,000 international police organizations, law enforcement agencies and other security professionals. Then, Heads of States, Chiefs of Police, government representatives of INTERPOL's 190 member countries and key industry leaders and representatives from the private sector will be invited to INTERPOL *World*. This presents opportunities for security solution providers to form partnerships with the public sector and government agencies to identify security challenges and co-create solutions to combat them and make the world a safer place.

As a testament to the significance of the event, INTERPOL *World* has already attracted much interest from international groups from countries such as Austria, France, Germany, Israel, the Netherlands, Singapore, Sweden, Switzerland, United Kingdom and the United States of America.

Given Singapore's strategic location in the heart of Asia Pacific, INTERPOL *World* will provide a consolidated platform for these international companies to springboard into the booming economies in the region.

Visitors to INTERPOL *World* can expect a showcase of innovative technologies such as Facial Recognition software, Biometrics, Command & Control systems, Mobile and IT Forensics, Unmanned Systems, Anti-counterfeiting solutions, Geospatial Intelligence, Identify Management and Access Control, Physical Security Information Management and many more.

Owned by INTERPOL, the world's largest international police organization and supported by the Ministry of Home Affairs, Singapore, INTERPOL *World* will focus on issues and challenges in the following domains: Cybersecurity, Safe Cities, Border Management and Supply Chain Security.

To supplement INTERPOL's efforts to boost engagement among the global law enforcement community, INTERPOL *World* will also be exhibiting at the 83rd INTERPOL General Assembly, on 3-7 November 2014 at Monte Carlo, Monaco.
